# WHAT KIND OF SKIN IS YOURS

# WANT THE NEWEST GENERATION: ULTRA-LIGHT, NO PROTECTIVE NETTING?

Adhesive on adhesive, folded without netting. 30% less pack mass. Extremely temperature-resistant: from -50° to +50°. Best gliding and climbing properties. Silicone adhesion that glows in the dark.

**YOUR SKIN IS:  
COMBIN**

# WANT A ROBUST SKIN WITHOUT NETTING?

Simply fold adhesive on adhesive. Robust and long-lasting mixed material. Recoat it yourself with acrylate tape.

**YOUR SKIN IS:  
CLARIDEN**

# WANT THE PROVEN CLASSIC SKIN BY COLLTEx?

A skin without ifs and buts, but with excellent gliding and climbing properties, in 100% mohair and with an extremely reliable hotmelt adhesive layer.

**YOUR SKIN IS:  
PALÜ**

# WANT THE ALL-ROUNDER AT A ROCK- BOTTOM PRICE?

A rugged and durable all-rounder, suitable for all snow conditions, made of 65% mohair und 35% polyamide. Maximum abrasion resistance, with the tried and tested hotmelt adhesion.

**YOUR SKIN IS:  
TÖDI**

# WANT TO CONTRIBUTE TO A SAFE ENVIRON- MENT?

The first 100% sustainably produced skin for the environmentally conscious. No use of dyes, no chemical impregnation, back made of pure cotton, with raw materials suitable for raw hotmelt adhesion.

**YOUR SKIN IS:  
ECO**
