- ① Hand in den Fellstrumpf pro-skin stecken. Fellstrumpf über den Arm ziehen.
- ② Mit der «Fellstrumpf-Hand» das Skihafffell ca. ein Drittel vom Ski lösen.
- ③ Den Fellstrumpf über dieses Drittel des Skihafffells stülpen.
- ④ Das restliche Skihafffell abziehen und mit der Kleberfläche auf die Vor- und Rückseite des Fellstrumpfs legen. Fell leicht auf dem Fellstrumpf anpressen. Dann in der colltex Felltasche verstauen. Nasse Felle unbedingt zu Hause trocknen.

- ① Slide your hand into the colltex pro-skin ski skin sock. Pull the skin sock over your arm.
- ② Using your "ski skin sock" hand, remove about one third of the adhesive skin from the ski base.
- ③ Pull the skin sock over this third of the adhesive ski skin.
- ④ Remove the rest of the adhesive skin from the ski base and lay it to the skin sock with the adhesive surface in contact with the sock. Lightly press the skin against the sock, and then store it in the colltex skin sack. You must dry wet or damp skins once you get home.

- ① Introduire la main dans la chaussette à peau pro-skin. Tirer la chaussette à peau sur le bras.
- ② Retirer env. un tiers de la peau du ski avec la «main dans la chaussette à peau».
- ③ Retrousser la chaussette à peau sur ce tiers de la peau.
- ④ Retirer le reste de la peau du ski et appliquer avec la surface adhésive sur les faces recto et verso de la chaussette à peau. Presser légèrement la peau sur la chaussette à peau. Ranger ensuite dans le sac à peau colltex. Sécher les peaux mouillées à la maison!
