

Whizz

your wonder skin

The advantages of the whizz-technology:

- easy to fold adhesive surface on adhesive surface (do not roll up the skin)
- no protective netting
- no pro-skin necessary
- no loss of adhesion
- no effort required
- temperature-resistant
- robust
- easy climbing and gliding
- eco-friendly

A world first: coat it yourself!

Never before was **RE-COATING** so easy: with the whizzz-tape you can now apply a new adhesive layer yourself. Ultra quick and applied without heat.
